UNDER MASSACHUSETTS LAW, AN EQUINE PROFESSIONAL IS NOT LIABLE FOR ANY INJURY TO, OR THE DEATH OF, A PARTICIPANT IN EQUINE ACTIVITIES RESULTING FROM THE INHERENT RISK OF EQUINE ACTIVITIES, PURSUANT TO CHAPTER 128, SECTION 2D OF THE GENERAL LAWS.

Please Note:

- Equine Massage Therapists are NOT licensed veterinarians; Equine Massage Therapy is NOT a substitute for veterinary care.
- If the horse displays signs of lameness or illness, massage therapy may not take place until permission of the attending veterinary has been granted.
- Equine Massage Therapists may not diagnose any condition of the horse.
- Equine Massage Therapists may not prescribe medication of any type.
- It is recommended that you consult with your veterinarian regarding complementary care for your horse.

I understand that equine massage therapy is NOT a replacement for proper veterinary care. I understand that my practitioner will NOT diagnose conditions, attempt chiropractic adjustments, nor prescribe medications, or supplements for my horse. If my horse is currently being seen by a veterinarian for the recovery from illness or injury, I have cleared this work with him/her to ensure that massage is at this time appropriate for my horse.
